

Show your love for your place on Earth...

- Collect pure rainwater for watering houseplants, gardens, shrubs and trees
- Prevent stormwater run-off
- Enhance the beauty of your home and yard

**October 15th:
End-of-season
SALE! Standard
barrels \$139 until
they're gone**

...with the **Sustain Your Place on Earth Rain Barrel** from  SUSTAINABLE COMMUNITY SOLUTIONS

These long-lasting, heirloom-quality rain barrels are made from once-used 53-gallon white oak Kentucky bourbon barrels.

They come straight from the aging warehouse to Minnesota, where they are fitted with a screened water inlet, bottom brass drain faucet, a mid-level brass faucet for filling a watering can, and a top over-flow fitting which can be used to connect barrels in series or to attach an overflow hose.

Barrel shown at left includes the optional decorative recycled brass American-made animal figurine faucet. Options include the dragonfly (left and far left), bullfrog (below), cardinal and turtle.

Availability: Barrels are currently available for pick-up in Northfield, MN. Delivery is available (Northfield and Twin Cities area only) for \$25 per barrel.

Price: Standard barrel	Barrel with decorative faucet
1-9 barrels \$156.00 each (plus \$10.14 sales tax)	\$176.00 each (plus \$11.44 sales tax)
10-24 barrels \$136.00 each	\$156.00 each
25+ barrels \$125.00 each	\$145.00 each

To order: Call or e-mail to place your order and arrange for pick-up or delivery. Payment must be made in advance by cash or check (made out to Bruce Anderson). (Sorry, no credit card orders.)
